**Annual Report on the  
Fiscal Impact of the Programs and Services  
Related to the Higher Education Veterans Service Act**

**Annual Report on the Fiscal Impact of the Programs and Services  
Related to the Higher Education Veterans Services Act  
Public Act 96-133**

**Introduction**

In 2008, the Illinois Task Force on Service Member and Veterans Education urged the General Assembly “to recognize the sacrifice of American servicemen and women, and, in a small way, repay them by chartering a concerted effort by State government, in cooperation with our public institutions of higher learning, to make its best efforts to take positive, quantifiable steps to providing a superior learning environment for student veterans and service members.” (110 ILCS 49/10) The Task Force’s report was the foundation for the Higher Education Veterans Service Act (Public Act 96-133) which was approved by Governor Quinn on August 7, 2009.

Pursuant to this Act, community colleges and public universities are required to appoint a current employee or hire a new employee to serve as a Coordinator of Veterans and Military Personnel Student Services on each campus. The Coordinator is to serve as an ombudsperson and advocate in meeting the needs of veterans, active duty personnel, and their families. Also, best efforts are to be taken to establish a centralized source where veterans and active duty personnel have the opportunity to become knowledgeable about the benefit programs and services applicable to them.

This report presents an analysis of the actual expenditures for the programs and services provided to veterans and active duty personnel by the public institutions of higher education during the prior fiscal year. The data for this report were obtained from survey responses submitted by the community colleges and public universities. The reported expenditures are not exclusively a result of the requirements set forth in Public Act 96-133, but rather a combination of the costs incurred by those requirements, and the additional services that institutions are providing to their veteran populations. Although the survey attempts to capture comprehensively the fiscal impact, it does not include the financial assistance provided by the institutions to veterans through the Illinois Veterans Grant (IVG) program.

The Illinois Board of Higher Education (IBHE) issues this report in conjunction with the Illinois Community College Board (ICCB), the Illinois Department and Veterans’ Affairs (IDVA), and the Illinois Student Assistance Commission (ISAC). This annual report is to be filed with the Governor, the Governor's Office of Management and Budget, the Director of Veterans' Affairs, the Speaker of the House of Representatives, the President of the Senate, the Minority Leader of the House of Representatives, and the Minority Leader of the Senate.

**Prior Reports**

The first report on the fiscal impact of the programs and services related to the Higher Education Veterans Services Act was released in 2010. It is the compilation and analysis of data submitted by the community colleges and public universities regarding their projected expenditures for programs and services during fiscal year 2010. This year’s report is also a compilation of data for fiscal year 2014 and consists of the actual expenditures.

As required by the Act and prior to the 2010 fiscal impact survey, the institutions participated in a comprehensive survey (fall 2009) to capture the services and programs available to veterans, active duty military personnel, and their families. Also, the institutions projected the potential use of such services within 5-year and 10-year periods. The responses may be accessed

through the IBHE website ([www.ibhe.org/Veteran](http://www.ibhe.org/Veteran)) and each institution posts their survey on their website.

### Fiscal Impact to Public Institutions

Illinois community colleges and public universities reported approximately \$7.9 million in expenditures to provide services to veterans and active duty personnel in fiscal year 2014. This total is approximately \$453.7 more than the expenditures (\$7.5 million) budgeted last year. For fiscal year 2014, the institutions reported 375.24 staff years which is a decrease from the 2013 total. The number of staff years is equivalent to the number of full-time employees. Comparisons of projected and actual expenditures by institution are provided in the Appendix.

<b>Comparison of Actual Figures 2013-2014</b>

<b>Difference (+/-)</b>	<b>(132.30)</b>	<b>(\$155,380)</b>	<b>\$608,459</b>	<b>\$453,669</b>

Additional comparisons of this year's data to last year's data are not recommended due to the differences in how the data were collected. This year the institutions were again asked to report their data in two parts (a copy of the online survey is provided in the Appendix). Part one is for staff years and expenditures attributable to the Coordinator of Veteran and Military Personnel Student Services to capture the fiscal impact of the Higher Education Veterans Service Act (Public Act 96-133). Part two is staff years and expenditures for services specifically provided to veterans but not directly related to the Act.

As shown in the chart below, the fiscal impact of requiring coordinators on each campus is approximately \$1.8 million and 48 staff (12.87 percent). The majority of staff years (327 or 87.12 percent) and total expenditures (\$6.1 million or 76.78 percent) are for services that are not directly related to the Act. Institutions identified the source of funds for each dollar expended as either state funds or other funds (other includes federal funds and local revenues). Approximately \$3.2 million (43.39 percent) is from federal and local sources. The State contributed \$4.1 million (51.43 percent).

Survey totals by sector are provided below for the 12 public university campuses and the 48 community colleges in Illinois. Public universities reported approximately 8.29 staff and \$418.2 in expenditures for the coordinators. Community colleges reported approximately 40.03 staff and \$1.4 million for the coordinators. The majority of resources in both sectors went for the services specifically provided to veterans but not directly related to the Act.

The expenditures and staff years are grouped into categories of services that are commonly provided by colleges and universities - academic, career, financial aid, health, social, and other services. Shown below are the dollar amounts (in millions), staff years, and percentages by type of service for fiscal year 2014. The largest amount of resources at public institutions goes toward the category of Academic Services. Financial Aid and Health services are the next highest in resources used for the population of veterans.

### Description of Service Categories

**Academic:** Counseling, support, and tutoring to enhance scholarly learning

**Career:** Counseling and assistance with career decisions and employment

**Financial Aid:** Counseling and information on available assistance to attend college

**Health:** Counseling and assistance to enhance learning and mobility

**Social:** Campus social events, mentoring, orientation, transition assistance, and veteran student lounge or designated gathering space

**Other:** Administration, certification of veteran benefits, outreach to the community, support staff, work study assistants, and marketing

### Illinois Veterans Grant Program

The Illinois Veterans Grant program, which is administered by the Illinois Student Assistance Commission (ISAC), waives the tuition and fees of Illinois veterans attending public universities or community colleges for the equivalent of four years of full-time enrollment. (110 ILCS 947/40) In the past, the state reimbursed the institutions for most of the cost of the waivers through appropriations made to ISAC and the Illinois Community College Board (ICCB). However, the recent appropriations have not been sufficient to provide a full reimbursement for the waivers. In fiscal year 2014, ISAC received no state funding for these waivers and was unable to provide any reimbursement. The public institutions lost approximately \$30.2 million in revenues due to the waivers in fiscal year 2014 and are projected to lose approximately \$30.6 million in revenues during fiscal year 2015.

### Veterans Enrolled

This is the third year that institutions were asked to report the number of enrolled veterans as part of the fiscal impact survey. Community colleges reported 12,264 veterans and the universities reported 5,487 veterans. The total is 17,751 veterans enrolled among reporting institutions in fiscal year 2014. Southwestern Illinois College reported the most number of veterans with 1,881, accounting for approximately 15% of the community college veteran populace.

### Conclusion

Community colleges and public universities in Illinois provided \$7.9 million worth of counseling and assistance to veterans and active duty military personnel in fiscal year 2014. In addition to the services reported in the fiscal impact survey, these institutions provided approximately \$30.2 million worth of financial aid to veterans through the Illinois Veterans Grant program. The institutions continue to strive in meeting the objectives of Public Act 96-133 by having a Coordinator of Veterans and Military Personnel Student Services on each campus, making benefit programs and services available to the veteran population, providing data on the fiscal impact of the Act, and posting information on their websites.

Additionally, several institutions failed to submit a Veterans Fiscal Impact survey by the deadline, which must be taken into consideration when reviewing this year's statistics. A listing of the schools is located in Appendix E.

Additional Comments:

\*\* A staff year is a measure of staff effort over a 12-month period. For professional personnel (excluding those holding faculty appointments), civil service staff, and student employees, a staff year is defined as a person in a full-time position working for one year, including vacation. Part-time positions or those that are of less than a year's duration should be counted as the appropriated portion of a staff year. For example, if the normal work week is 40 hours, a position requiring 20 hours work per week would be 0.5 staff years; a position requiring 40 hours per week for nine months would be 0.75 staff years. The institution definition of normal work week should be used for staff year calculations.

Additional Comments:

\*\* A staff year is a measure of staff effort over a 12-month period. For professional personnel (excluding those holding faculty appointments), civil service staff, and student employees, a staff year is defined as a person in a full-time position working for one year, including vacation. Part-time positions or those that are of less than a year's duration should be counted as the appropriated portion of a staff year. For example, if the normal work week is 40 hours, a position requiring 20 hours work per week would be 0.5 staff years: a position requiring 40 hours per week for nine months would be 0.75 staff years. The institution definition of normal work week should be used for staff year calculations.

**(110 ILCS 49/) Higher Education Veterans Service Act.**

(110 ILCS 49/1)

(110 ILCS 49/5)

Sec. 5. Definitions. For purposes of this Act:

"Task Force" means the Task Force on Service Member and Veterans Education.

"Public colleges and universities" means public community colleges subject to the Public Community College Act, the University of Illinois, Southern Illinois University, Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, and Western Illinois University.

(110 ILCS 49/10)

Sec. 10. Findings.

(a) Pursuant to Public Act 95-736, the General Assembly created the Task Force on Service Member and Veterans Education to examine the manner in which public colleges and universities in the State of Illinois provided education to servicemen and servicewomen as well as veterans of the armed forces of the United States.

The Task Force conducted hearings and filed its findings with the General Assembly on September 16, 2008. Its report urges the General Assembly to recognize the sacrifice of American servicemen and women, and, in a small way, repay them by chartering a concerted effort by State government, in cooperation with our public institutions of higher learning, to make its best efforts to take positive, quantifiable steps to providing a superior learning environment for student veterans and service members. The Task Force reviewed the unique needs of veterans and military personnel, combined with the large number of active duty personnel and military veterans seeking higher education since the onset of the Global War on Terrorism. The Task Force found that public universities and community colleges in this State have varying levels of assistance available for active duty service personnel and veterans.

(b) The Task Force has reported that veterans and active duty personnel have difficulty in finding and receiving various State and federal education-related benefits and services that they may be eligible to receive, such as educational loans, scholarships, grants, local employment opportunities, access to medical care, a social network for support of student veterans, and groups to help with the transition to becoming a civilian after service in an active duty unit, because such programs are administered by different arms of the government.

(c) The Task Force found that the various public colleges and universities in this State have a wide array of programs and services available to veterans and active duty service personnel, ranging from online educational opportunities,

admission and academic counseling, medical services, and family housing information.

(d) The Task Force also found that certain other higher education institutions across the United States have adopted programs and services that seek to better promote and coordinate the assistance that is available for veterans and active duty personnel.

Sec. 15. Survey; coordinator; best practices report; best efforts.

(a) All public colleges and universities shall, within 60 days after the effective date of this Act, conduct a survey of the services and programs that are provided for veterans, active duty military personnel, and their families, at each of their respective campuses. This survey shall enumerate and fully describe the service or program that is available, the number of veterans or active duty personnel using the service or program, an estimated range for potential use within a 5-year and 10-year period, information on the location of the service or program, and how its administrators may be contacted. The survey shall indicate the manner or manners in which a student veteran may avail himself or herself of the program's services. This survey must be made available to all veterans matriculating at the college or university in the form of an orientation-related guidebook.

Each public college and university shall make the survey available on the homepage of all campus Internet links as soon as practical after the completion of the survey. As soon as possible after the completion of the survey, each public college and university shall provide a copy of its survey to the following:

- (1) the Board of Higher Education;
- (2) the Department of Veterans' Affairs;
- (3) the President and Minority Leader of the Senate and the Speaker and Minority Leader of the House of Representatives; and
- (4) the Governor.

(b) Each public college and university shall, at its discretion, (i) appoint, within 6 months after the effective date of this Act, an existing employee or (ii) hire a new employee to serve as a Coordinator of Veterans and Military Personnel Student Services on each campus of the college or university that has an onsite, daily, full-time student headcount above 1,000 students.

The Coordinator of Veterans and Military Personnel Student Services shall be an ombudsperson serving the specific needs of student veterans and military personnel and their families and shall serve as an advocate before the administration of the college or university for the needs of student veterans. The college or university shall enable the Coordinator of Veterans and Military Personnel Student Services to communicate directly with the senior executive administration of the college or university periodically. The college or university shall retain unfettered discretion to determine the organizational management structure of its institution. In addition to any responsibilities the college or university may assign, the Coordinator of Veterans and

Military Personnel Student Services shall make its best efforts to create a centralized source for student veterans and military personnel to learn how to receive all benefit programs and services for which they are eligible.

Each college and university campus that is required to have a Coordinator of Veterans and Military Personnel Student Services shall regularly and conspicuously advertise the office location, phone number, and Internet access to the Coordinator of Veterans and Military Personnel Student Services, along with a brief summary of the manner in which he or she can assist student veterans. The advertisement shall include, but is not necessarily limited to, the following:

(1) advertisements on each campus' Internet home page; and

(2) any promotional mailings for student application.

The Coordinator of Veterans and Military Personnel Student Services shall facilitate other campus offices with the promotion of programs and services that are available.

(c) Upon receipt of all of the surveys under subsection (a) of this Section, the Board of Higher Education and the Department of Veterans' Affairs shall conduct a joint review of the surveys and post, on any Internet home page they may operate, a link to each survey as posted on the Internet website for the college or university. Upon receipt of all of the surveys, the Office of the Governor, through its military affairs advisors, shall similarly conduct a review of the surveys and post the surveys on its Internet website. Following its review of the surveys, the Office of the Governor shall submit an evaluation report to each college and university offering suggestions and insight on the conduct of student veteran-related policies and programs.

(d) The Board of Higher Education and the Department of Veterans' Affairs may issue a best practices report to highlight those programs and services that are most beneficial to veterans and active duty military personnel. The report shall contain a fiscal needs assessment in conjunction with any program recommendations.

(e) Each college and university campus that is required to have a Coordinator of Veterans and Military Personnel Student Services under subsection (b) of this Section shall make its best efforts to create academic and social programs and services for veterans and active duty military personnel that will provide reasonable opportunities for academic performance and success. Each public college and university shall make its best efforts to determine how its online educational curricula can be expanded or altered to serve the needs of student veterans and currently-deployed military, including a determination of whether and to what extent the public colleges and universities can share existing technologies to improve the online curricula of peer institutions, provided such efforts are both practically and economically feasible.
