## **2015 Annual Report on Public University Tuition and Fee Waivers**

### **Introduction**

The Board of Higher Education Act requires the Illinois Board of Higher Education (IBHE) to compile information annually concerning tuition and fee waiver programs provided by the public universities in Illinois. This report presents information on the purposes and goals of waiver programs as well as data for fiscal year 2015 and includes the value totals for fiscal year 2014 by each category for comparative purposes. Data on the number and value of waivers granted are presented in total and at the undergraduate and graduate levels. Detailed data by institution for fiscal year 2015 are presented at the undergraduate and graduate levels and are included in Appendix A.

The IBHE collects information annually from Illinois public universities on the number and amount of tuition waivers granted by student level, type of waiver (mandatory or discretionary), and specific waiver program. The issuance of this fiscal year 2015 report was delayed in order to allow for the IBHE to collect data that was consistent among all reporting institutions.

### **Background on Waivers**

In order to pay for college costs, students rely on various types of financial aid programs, including tuition and fee waivers, a type of financial aid, that exempt students from paying a portion of (or all) tuition and fee charges. Tuition and fee waivers typically are awarded at the undergraduate level to students with special talents or special financial needs. Graduate level tuition and fee waivers typically are awarded to students serving as teaching or research assistants.

Waivers serve multiple purposes: they provide access to higher education programs, promote scholarship, provide a recruitment tool, provide employee benefits, and enhance the educational environment by promoting a diverse student body. All Illinois public university waivers fall into one of two categories, mandatory or discretionary. Mandatory waivers are authorized and required by state statute, and discretionary waivers are determined at the institutional level. Mandatory waiver programs have requirements determined by statute and are not subject to limitations set forth by the IBHE or institutional policy. Discretionary waivers, on the other hand, are administered by public universities and are awarded at the discretion of each campus and are subject to IBHE limitations (23 Ill. Adm. Code 1075). Discretionary waivers are used by universities to provide access to higher education for students who possess specific academic or athletic talents and for special status students, such as out-of-state and foreign students. Both types of tuition waivers enhance the educational environment of public university campuses for all students.

The Standard Tuition and Fee Waiver Chart of Accounts, attached as Appendix B to this report, provides a complete description of each waiver category by program and by type and provides the purpose, goals, and eligibility criteria of each program.

### **Summary Findings**

In fiscal year 2015, public universities issued a total of 45,309 waivers at a value of \$465.7 million. In fiscal year 2014, public universities issued waivers at a value of \$451.7 million. Graduate student waivers account for the majority of waivers granted at Illinois public universities, with most of these being graduate teaching/research assistants. Chart A provides the total number of recipients and dollar values of mandatory and discretionary waivers granted at both the undergraduate and graduate levels for fiscal year 2015. Fiscal year 2014 dollar values are included for comparison purposes

\*This represents an unduplicated number of waiver recipients. Therefore, the sum of mandatory and discretionary waivers may not equal the total for each level of study if a recipient received both mandatory and discretionary waivers.

The report includes the number and value of the unfunded or waived portion of the Illinois Veteran Grant, Illinois National Guard Grant, and MIA/POW Scholarship Program tuition and fee waivers that are funded through other state agencies (the Illinois Student Assistance Commission for the Illinois Veteran Grants and the Illinois National Guard Grants, and the Department of Veterans' Affairs for the MIA/POW Scholarship Program). In total, Illinois public universities waived approximately \$29.4 million in tuition and fees during fiscal year 2015 for eligible military veterans after reimbursements are taken into account. This is a decrease of \$1.7 million, or -5.5 percent from the \$31.1 million reported in fiscal year 2014.

### Undergraduate Waivers

The total value of undergraduate waivers increased 8.1 percent, from \$110.6 million to \$119.5 million from fiscal year 2014 to fiscal year 2015. Undergraduate waivers accounted for 25.7 percent of the total value of all public university tuition and fee waivers in fiscal year 2015.

In fiscal year 2015, of the \$119.5 million in total undergraduate waivers, approximately \$50.6 million (42.3 percent) were mandatory and \$68.9 million (57.7 percent) were discretionary. The largest mandatory waiver program, Veteran Grants and Scholarships, total \$21.9 million or over 43.3 percent of undergraduate mandatory waivers in fiscal year 2015.

Of the \$68.9 million in discretionary waivers awarded in fiscal year 2015, \$28.1 million, or 40.8 percent, were awarded to students with athletic, academic, or other talents. Foreign Exchange waivers totaled \$11.0 million (16.0 percent), Student Need waivers totaled \$21.3 million (30.9 percent), Gender Equity waivers totaled \$4.8 million (7.0 percent), and Civil Service waivers totaled \$2.2 million (3.2 percent).

## **Graduate Waivers**

Graduate students play an integral role in the educational missions of Illinois public universities and serve the universities in providing enrichment of academic programs and supporting academic operations. Graduate students serve as instructors and teaching assistants for undergraduate course sections and provide valuable research assistance to faculty that enriches the educational environment for both students and faculty. Having graduate assistants perform academic instruction also helps off-set personnel costs for full-time positions that would otherwise be needed to conduct such operations. These waivers further enable Illinois public universities to remain competitive in attracting the best graduate students.

Graduate waivers accounted for 74.3 percent of the value of all public university waivers in fiscal year 2015. Graduate assistant waivers, which consist primarily of waivers for graduate, teaching and research assistantships, accounted for 73.8 percent of the value of all public university graduate tuition and fee waivers granted in fiscal year 2015.

Public universities awarded 24,565 graduate waivers totaling \$346.1 million in fiscal year 2015. Of the total, approximately 97.3 percent, or \$336.8 million, were for discretionary waivers and of those, graduate assistant waivers totaled \$255.6 million. From fiscal year 2014 to fiscal year 2015, the value of graduate tuition and fee waivers increased, from \$341.1 million to \$346.1 million, an increase of 1.5 percent.
